

Community Map UNALAKLEET

63° 52' 31.7" N 160° 47' 14.3" W (NAD 27)
Elev. 16.1' (NGVD 29)
USC&GS "UNALAKLEET S BASE 1942"
Townships 18 and 19 South, Range 11 West, K.R.M., AK
CAPE NOME RECORDING DISTRICT

LEGEND

	Residential Building		Sewer Line w/manhole
	Commercial Building		Water Line
	Public Building		Fuel Line
	Electric Line w/pole		Telephone line w/pole
	Cable Television Line		Earth Station
	Transformer		Generator
	Street Light		Fire Hydrant
	Easement Line		Edge of Water
	Local Name		

SCALE: 1"=100'
Date of Photography: June 13, 1996
Magnetic Declination computed by U.S.G.S. Geomag SHEET
Program using AK-1995.cof model as of May 1, 1996. 1 of 2

MAP NOTES

This map was prepared by Kawerak, Inc. in cooperation with the Alaska Department of Community and Regional Affairs (DCRA), Municipal and Regional Assistance Division, using funds provided by the U.S. Bureau of Indian Affairs. Kawerak, Inc. contracted with McCintock Land Associates, Inc. in 1996 to prepare the map.

This map is based upon a digital orthophoto prepared to National Map Accuracy Standards by AeroMap, U.S., Inc. from their June 13, 1996 photography (original scale 1" = 500').

The orthophoto is an aerial photo which has been corrected, by rectification to ground control stations, to remove distortions and warpage due to ground topography and aircraft tilt and trim.

This map should not be construed as a survey. On-site surveys should be conducted prior to engineering or construction.

Property and utility information has been generated from the best available sources with limited accuracy checks. Utility location is particularly imprecise and shows only the main lines as the service lines have been omitted for clarity. Generally, the information is current as of May, 1996.

The status of the subsurface estate is not shown on this map. The Chapter 11 Reorganization of Bering Straits Native Corporation resulted in the transfer of certain subsurface lands to several Village Corporations.

FLOOD DATA

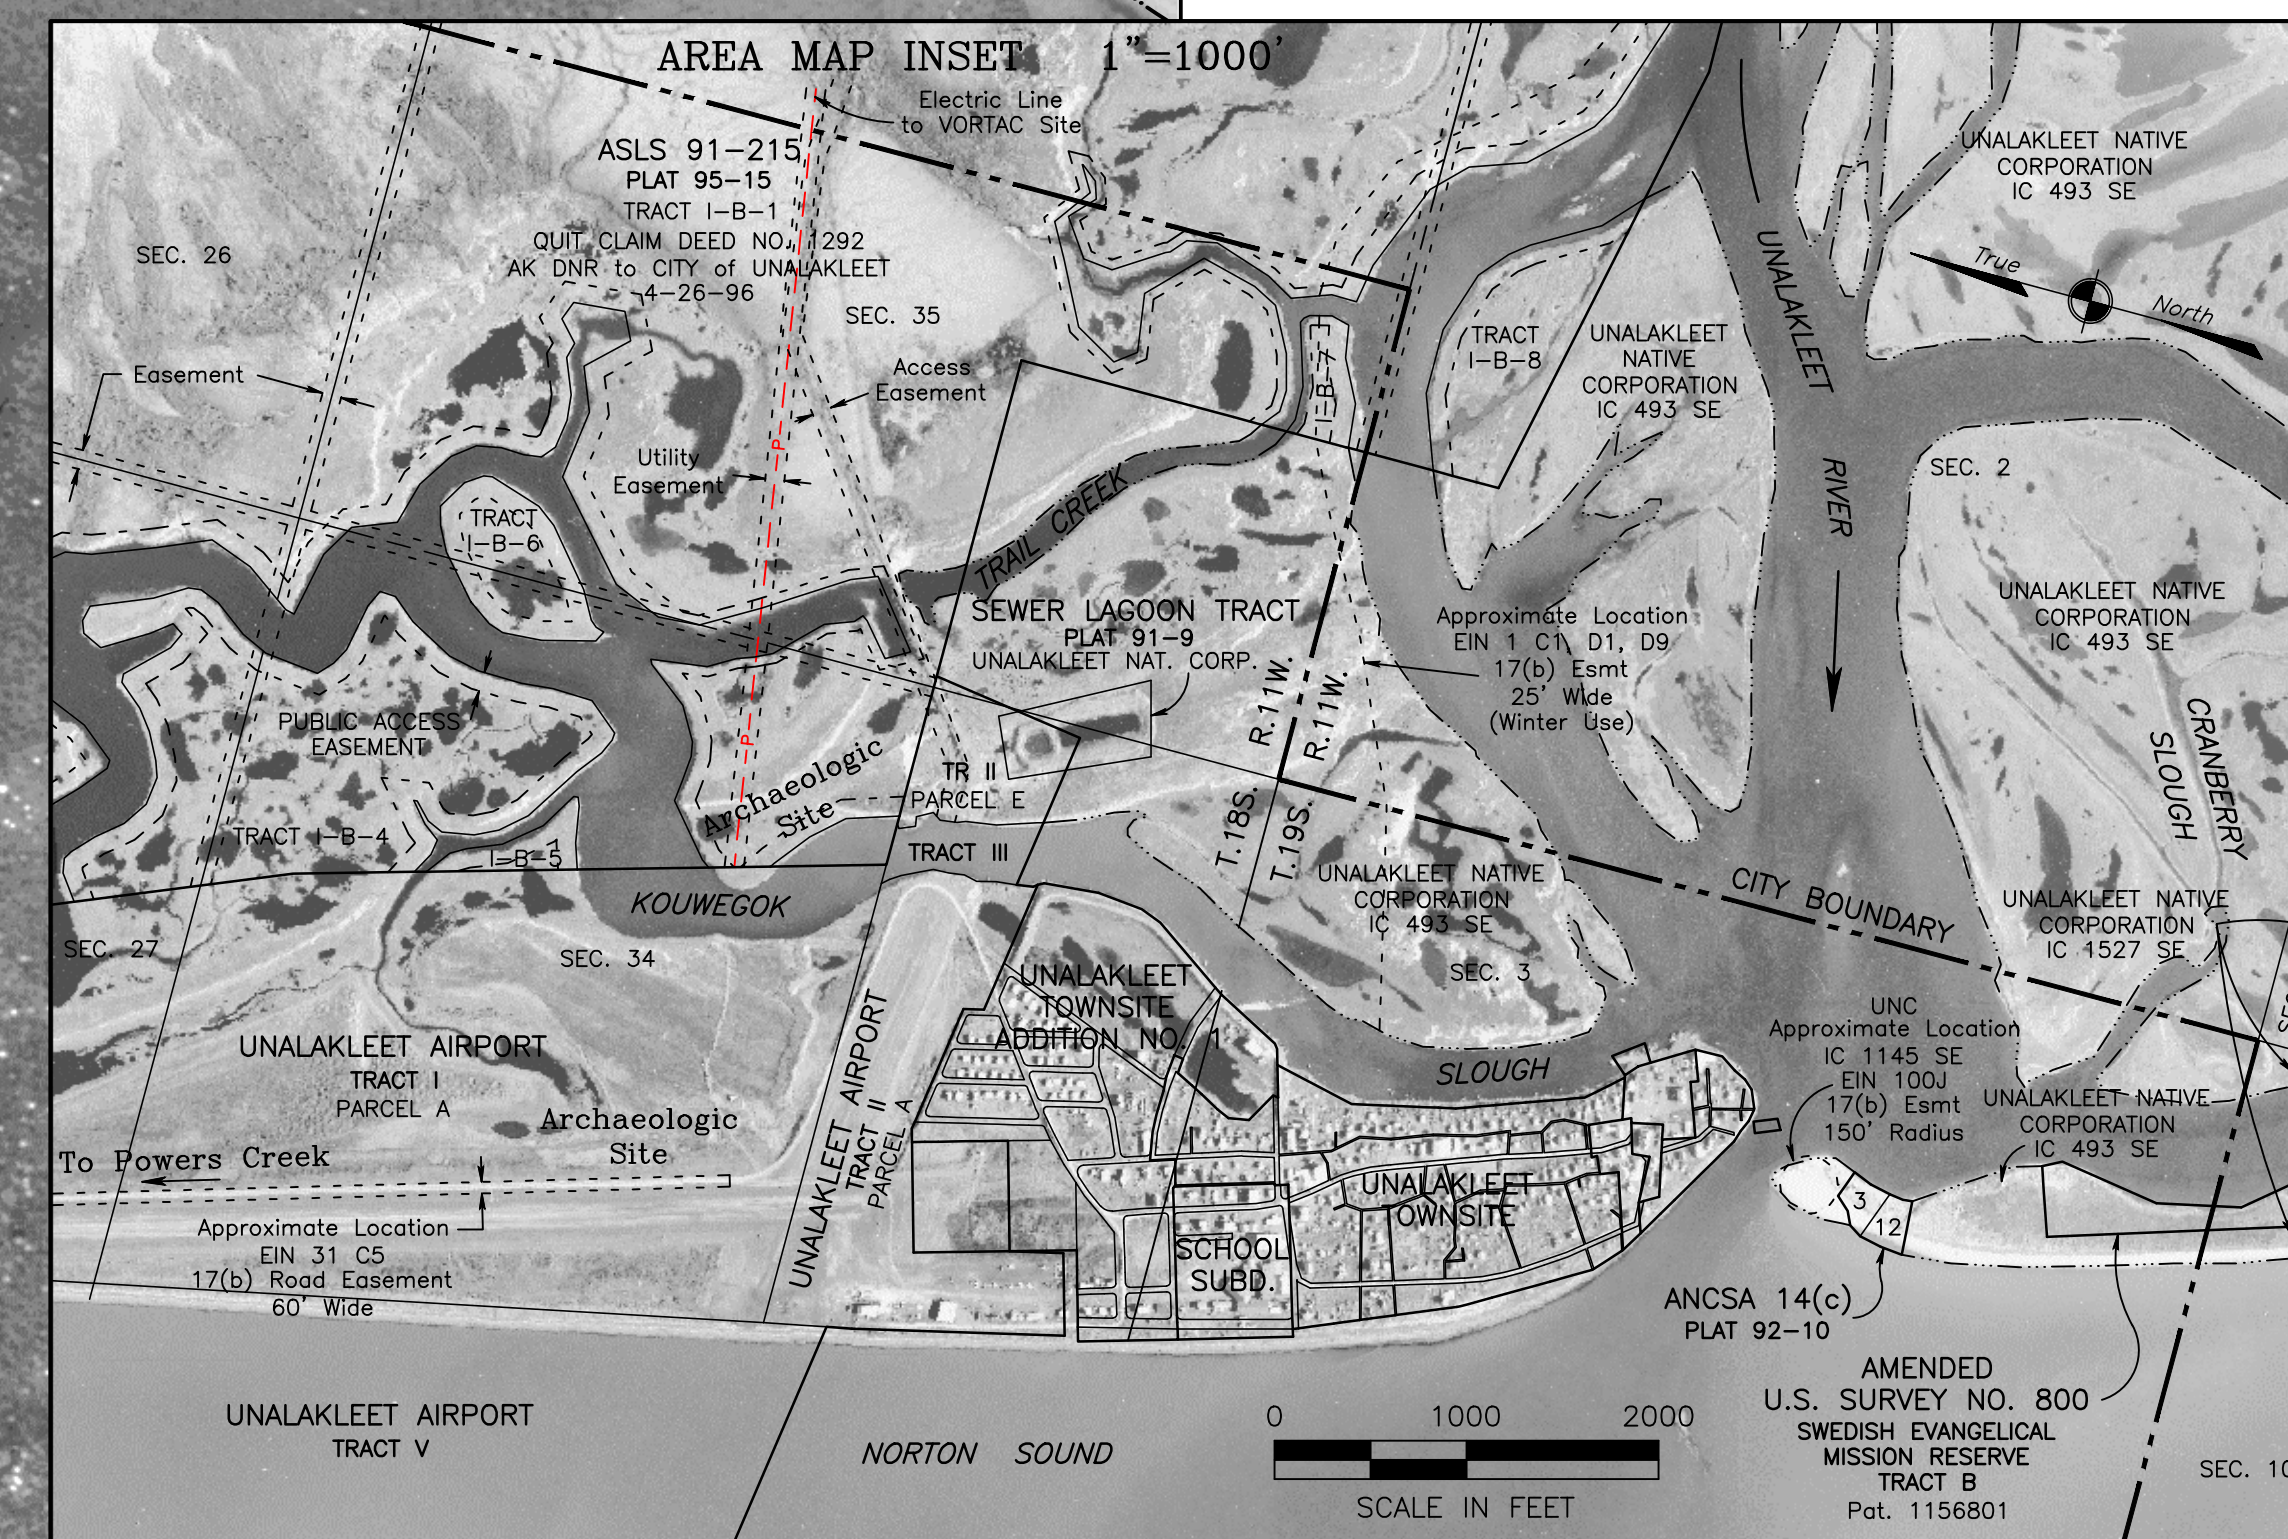

The U.S. Army Corps of Engineers (C.O.E.) has not established exact flood data for this community. Preliminary flood hazard work performed by C.O.E. in February 1974 based on meager data estimates the 100-year flood elevation is approximately 18' M.S.L. The National Oceanic and Atmospheric Administration established a tidal benchmark, officially designated Tidal BM 946-8333C (1977), which could be used for flood data reference:

A standard brass disc stamped "8333 C 1977" set vertically in the concrete foundation at the southeast side of the quonset building comprising the "Stanton Oyounick Gymnasium." Elevation = 14.86' (MHW)

Flood Hazard exists in this community. Contact C.O.E. or DCRA Flood Hazard Specialist for information for safe building elevations.

BUILDING KEY

- | | |
|--|----------------------------|
| 1. Airport Terminal | 17. Bingo Hall/Town Hall |
| 2. Airport Terminal | 18. Church |
| 3. DOT Building | 19. Old Church |
| 4. Power Plant (MEA/UVEC) | 20. Church |
| 5. AT&T Alascom | 21. A.C. Store |
| 6. City Shop/Water Treatment Plant/Pumphouse | 22. Post Office |
| 7. Clinic | 23. Fish Cannery |
| 8. U.N.C. Shafter Building | 24. Unalakleet Lodge |
| 9. School District Offices | 25. Old BIA School |
| 10. Old Army | 26. IRA Office |
| 11. Library | 27. Church |
| 12. School Housing | 28. Gas Station/Garage |
| 13. School Housing | 29. Old School |
| 14. School | 30. Gasoline Storage Tanks |
| 15. City Office/Radio Station | 31. Fuel Storage Tanks |
| 16. U.N.C. Store | 32. Trash Compactor |
